# Announcement

There is no gain without some loss. For years I have been ambitious to operate a large commercial cattle ranch. The opportunity to do so has presented itself but in order to take advantage of this opportunity it is necessary that I now dispose of my entire herd of Shorthorns.

The herd is in the best shape it has ever been. We have seven bulls and thirteen females now ready for the coming season's shows and fairs and judging by our past successes they should be among the years best prize winners.

The catalog has been arranged by families. Footnotes have been written and are displayed in bold face type under most of the pedigrees. We desire to call particular attention to these notes as they give accounts of past performance and show the relationship of the bulk of the herd to those specimens that have been shown. You will note that nearly every family in the herd has contributed to the show herd and every one of our show herd, except Cumberland Choice, was bred and reared on the farm.

The herd is fully accredited and has been for years. It has been culled rigidly and none but regular producers of the best of calves have a place here.

In offering this herd by auction I have the satisfaction of knowing that every purchaser will receive a healthy, productive breeding animal of the highest quality of great breed character and of most approved type. I know you will be pleased with them and I know I will have your friendship for having produced them and kept them in such excellent condition.

Within a year or two I expect to re-enter the pure bred Shorthorn industry. But at present the ranch that I am to operate is fully stocked with high class commercial cattle and the plans for this year admit of no additions.

I know you will admire the cattle that I am selling, that have their pedigrees listed in this catalog. I know they will prove profitable to you who buy them and I wish you success with them.

## Information for The Buyer

If you are planning on being with us on sale day and come by car those from the south coming through Albert Lea, take Highway No. 13 which runs right by the farm just north of Waterville, from southwest through Mankato, from Mankato take No. 7 east 9 miles where it joins with 60 turning to left to Waterville, those from north take pavement No. 1 from St. Paul to Faribault and 60 from there to Waterville.

Coming by rail from the north leave St. Paul or Minneapolis on Minneapolis & St. Louis R. R. in morning of sale day at 8:10 and train will stop at farm 10:30 and immediately after the sale the northbound train will stop at the farm at 5:00 reaching Twin cities at 7:30.

On the Great Western there are two trains daily both ways running from Minneapolis to Mankato.

Usually you ask yourself how much it is going to cost me to ship what I buy home, the question is a very important one and we have therefore made up the following chart which will very nearly answer your question.

The Tariff governing the shipment of registered stock for breeding purposes only in less than carload lots, can be found by your agent in "Western Trunk Line Circular No. 1. S Rule No. 435," which tariff governs the  $\frac{1}{2}$  rate for registered stock.

Distance miles	Average Charge per hundred 1st class Freight	Cost of 1 Animal	Cost of 2 Animals	Cost Each Additional
50	.34	\$5.01	\$7.52	\$ 2.51
75	.46	6.90	10.35	3.45
100	.64	8.60	12.90	4.30
125	.70	10.50	15.75	5.25
150	.79	11.85	17.78	5.93
200	.90	13.50	20.25	6.75
300	1.11	16.65	24.99	8.34
350	1.17	17.55	26.33	8.78

In figuring the above the fixed weight for 1 animal is always 3000 lbs. and each additional is always 1500 lbs., if your agent states that the first class rate as freight from South St. Paul to your station is 40 cents then on one animal it will be 40 times 3000 divided by 2 or \$6.00. What he should charge you for 2 animals it would be 3000 plus 1500 times 40 divided by 2 or \$9.00, what he should charge for 2 head.

Ask your agent before you come to the sale what the first-class rate is to your station and figure it yourself and you will know exactly what it will cost you to ship one, two or three to your home.

At the close of the sale we will load and bill all the cattle at the one-half rate.

If you feel that you would like to have one or two of the cattle in this sale and find that you can not come yourself you can mail your bids to anyone of the following men who will be at the sale and will follow your instructions using their best judgment:

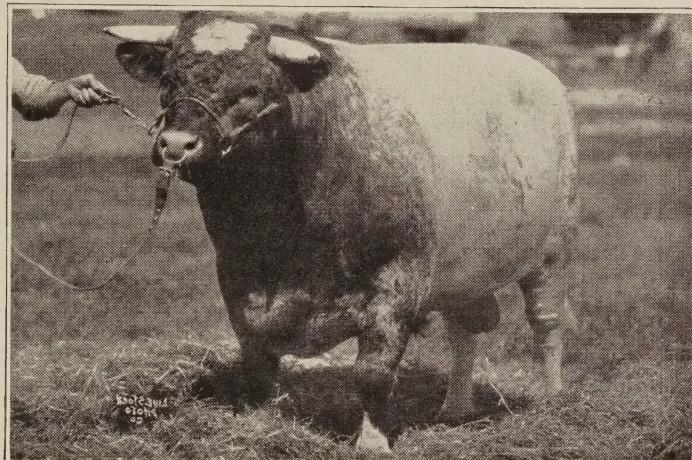

Will Johnson of the Shorthorn World; Will Foley of the Farmer; Hugh Thompson, Iowa Homestead; H. O. Tellier and N. G. Kraschel, auctioneers.

Dinner will be served at noon by the ladies of St. Andrews church, Waterville.

## Cumberland Victor 1011827

CUMBERLAND VICTOR 1011827

Cumberland Victor was used in this herd for several years, what success we have enjoyed in the show ring is traceable to great part to his ability to breed both good females and good sires. There are many of his daughters and granddaughters in the sale and you will find that they all very thick of flesh especially covered over the back. Low down, thick and exceptionally pleasing heads and show character, quality and type.

Cumberland's Choice won his class at the Iowa State Fair in 1926 and was purchased for this herd for the top price of the International sale that year. His purchase was a profitable one as he won first place in class at a large circuit of shows for us last year and was senior and grand champion at many of them. His calves are very fine and all have rich colors. He will make a great bull to head an aged herd this year as a two year old and his calves to be seen at the sale prove him to be a great sire. Most of the cows in the herd are bred to this great sire.

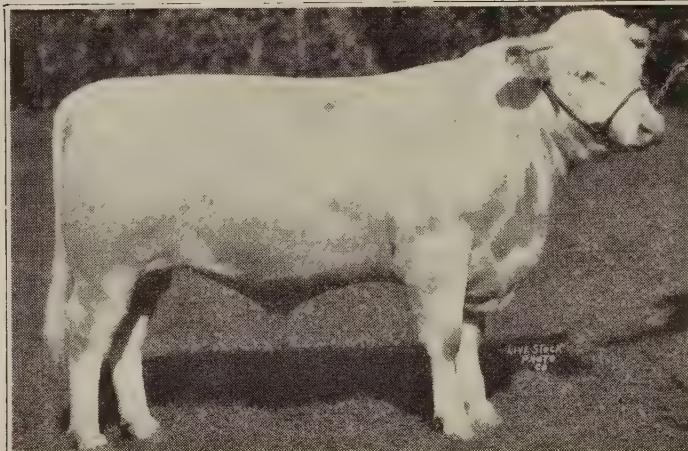

He has won first prize at the Iowa State Fair, Minnesota State Fair, Ft. Worth Texas Fat Stock Show, First and Grand Championship at Salt Lake City, First at North Dakota, South Dakota, Wisconsin State Fairs and Grand Champion at the North Dakota State Fair and was first and champion at many lesser fairs.

His sire Oakdale Stanmore has won as many grand championships as any bull in America in the last five years including the grand championship of the International Stock Show.

It is freely predicted by many competent critics that if carried on as a two year old and later as an aged bull that Cumberland Choice will make as great a show record as has his famous sire.

In 1927 he was shown in the same class as Cumberland Choice, standing second to the red bull in all cases but one. That time he was placed above him. His full sister Keystone Violet 6th won many championships for this herd and latter in the Degginner herd and was the biggest money winner in that noted show herd. He is fitted and ready to head a prize winning herd this year as a two year old as we had planned.

**Madge 8th 1390012** has been one of our best winners during the last two years. She was junior champion at nearly all of the leading Northwest fairs and was grand champion at South Dakota State Fair, LaCrosse and Spencer District Fairs and was undefeated in class throughout the last show season, winning nine or ten blue ribbons. She now has a red bull calf at foot by Cumberland's Choice and was rebred to Cumberland Gloster March 31st. We do not think there is a cow that will beat her this year in the wet cow class.
